# MEGLAB THEATRE

MULTIFONCTION HALL

Town of Malartic

Malartic, Quebec, Canada, 2010

The Meglab auditorium opened its doors in 2009. With its modern stage design and technical equipment, the theatre can accommodate productions of all types. With seating for 300, it can also be used as a cabaret, offering a more intimate setting.

Description

This auditorium represents an important cultural development tool in the Malartic region. By choosing to build such a theatre, Malartic has created an infrastructure that enables it to provide the region's population a diversified cultural venue.
